# Rails Girls

January 18-19, 2013
Friday Evening & All Day Saturday

PITTSBURGH

You learn design, prototyping, and coding with the help of our coaches.

You need your own laptop, curiosity, and a sprinkle of imagination!

How much does the workshop cost?
Nothing, it's free! You just need to be excited!

Who is this aimed at?
Women of any age with basic knowledge of working with a computer. We've had people of all ages taking part. Please bring your laptop.

Can men attend?
Yes, but you need to be accompanied by an interested lady. Also, girls are given a priority.
